

**SPECIFICATION AMENDMENTS**

**Please amend the paragraph beginning on page 32, line 1, as follows:**

The six-finger zinc finger peptides can use a conventional "TGEKP" SEQ ID NO:78 linker to connect two three-finger zinc finger peptides or to add additional fingers to a three-finger protein. Other zinc finger peptide linkers, both natural and synthetic, are also suitable.

**In the drawings:**

The attached (19) sheets of drawings include changes to Fig. 24. These (19) sheets, which comprise Fig. 24, replace the original (19) sheets comprising Fig. 24.

Attachment: Replacement Sheets (19)

Annotated Sheets Showing Changes (3)

**In the Sequence Listing:**

Please replace the paper copy and the computer-readable form (CRF) copy of the Sequence Listing previously submitted for this application, with the substitute sheets of the Sequence Listing, pages 1-25, and the computer readable form (labeled "CRF") submitted in CD-R format herewith.
